

July 27, 2020

Dear NVRA members and fans.

I hope this letter finds everyone well. I wanted to give everyone an update on a few members with health issues.

Randy Woodard had successful heart valve replacement surgery on Monday. Buddy spoke to Randy's wife and she said everything went very well. She said he may be moved out of ICU tomorrow if he does well tonight and in the morning.

Also, Jabe Jones's dad, Jabez, had a fall last week and suffered a broken vertebra in his neck. He had surgery last Thursday and is doing well. Doctor reported that surgery went very well. Jabe also has had to care for his wife Cassandra who suffered a heart attack the previous week. She is doing well now after having five stints to open blockages.

Mark Jones is doing fine now after suffering a little heat exhaustion after our last race at Dothan motor speedway.

I am doing better after my bout with blood pressure issues. My last heart CT scan came out fine, so now I just have to get my medication sorted out to maintain a healthy blood pressure. Thank you to all who checked in on me and for all those prayers too.

Please keep these members and their families in your prayers as they recover from these surgeries and ailments. My prayers go out to all these families for a quick and complete recovery.

Thank you to all our members who made the long trip to Dothan speedway. We had 10 cars total and a good night on the track.

Next race is Cochran on August 8th. Hope to see everyone there. Good luck, safe travels, and be safe as we navigate these strange and troubling times.

Be safe and God bless.

Your president,  
Lamar Kellum
